No 2696/749

To
The Chief Secretary to the,
Dewan of Mysore.

Sir,

With reference to your memo No 7630/3814 (461/2) of the 26th ultimo, and in continuation of this office letter No 4984/647 (25) 4/18, dated the 23rd September 1888, regarding the extra land required by the Madras Railway Company at the Kolar Road station, I have the honor to report that Harikar Venkata Char appeared before me on the 1st instant in pursuance of a notice issued to him under section 9 of the Land Acquisition Act and ascertained from him all the particulars about his inst land needed for Railway purposes.—

2. The total extent of his land was acres 1—a 35, bearing an assessment of Rs. 6—a—8 including the local Cess, of which, a portion, namely acres 0—20—46 was required by the Company. It appears that originally the land was

was in accordingly poor Con-
dition and that Vencatachar
has since incurred a large outlay
in improving the same. He stated
that the piece left after cutting
off the portion needed for Railway
purposes would be of no use to
him and requested that the
entire number might be bought
up. —

3. Under these special circum-
stances I have purchased the
whole of his land for Rupees
300 which is the Compensation
payable to him as finally settled
by me and agreed to by him
and I therefore request sanction
for the payment of this amount
to Vencatachar. —

4. The portion of the said land
required by the Railway Company
as remarked to have been taken
over by Inspector Mr James on the
10th September 1898. —

5. The question of the transfer
to the Railway Company of
the land belonging to Masjid &c-
-and path is under settlement
and as soon as it is completed,
I shall report further in the matter.

Sir.

With reference to the (48)
Dewans Proceedings Camp No 2143
dated the 21st March last, regarding
the amount of compensation payable to Harikar Venkatachar on
account of his wet land taken up
for the Madras Railway, I have the
honor to report as follows on the
several points therein raised:-

(a) The amildar of the Bowringpet
Taluk states that no documents
relating to the sale of any lands
in the neighbourhood of Venkatachar's
have hitherto been registered in his
office.

The Harikar's land is bounded
on one side by a wet land belonging
to one Srinharayanaswamy, and on
the other 3 sides by the Railway Tope
and Ravines. The market value of
land in the Bowringpet Cuddapa
is daily increasing on account
of its proximity to the Railway

and

and more especially to the gold mines.

The neighbouring dry land of Haji Ismail Saib, whose case is still pending settlement, appears from the documents in his possession to have been purchased by him 2 or 3 years ago at Rupees 82 per acre. Considering this rate the value fixed on the Karikar's wet land cannot, I submit, be said to be too much.

16/ Venkatachar's land was cultivated on "Waram" tenure, and his share of the annual yield in good years is reported to have stood at 4 or 5 Candies of Paddy. The Value of the produce calculating it at Rupees 5 a Candy would be about Rupees 25, and deducting from this the annual assessment payable by Venkatachar to Government, viz Rupees 6-0-0 the net yearly income of the occupant may be fixed at Rupees 19 which represents the interest on more than Rupees 300, computing it at 6 per Cent per annum, the rate usually adopted in the generality of transactions relating to the Conveyance of landed property. No lease documents seem to have been executed between Venkatachar and his tenants

(C)

and more especially to the gold mines.

The neighbouring dry land of this Pensai Patti was also settled by Government at Rupees 8-2 per Acre. Considering this rate the Title deed on the Varikaro net land Income of Pudimutty the said is the Common.

(6) Varikaro dry land was cultivated on "Kanam Tenure" and this share of the annual yield in good years is reported to have stood at 5 candies of Paddy at Time of the Revenue Calculation that Rupees 50 (Fifty) would be about Rupees 25 and deducting from this the annual assessment payable by Tenukottai Government Rupees 6-0 the net yearly income of the occupant may be fixed at Rupees 19 which represents the interest on more than Rupees 300 Computing it at 6 per Cent per annum the rate usually adopted in the Generality of transactions relating to the Conveyance of landed property. No lease documents seem to have been executed between Tenukottai and its tenants

(2)

(c) The land in question which was Government unoccupied waste, was obtained by Venkata Char on application in the year Angeerasa (1872-73), and he states that he has since incurred a large outlay in improving the same for which he could furnish no accounts, nor are there any reliable means at this distance of time to decide the question one way or the other.

(d) Venkatachar has been deprived of more than half the land, and there is every fear of the small portion left being at any time taken up for any public purpose. It is with this view apparently that the owner declines to keep the remaining portion, which is of little cultivation value to him.

2. Under these special circumstances I submit with deference that the settlement already made does not seem to be altogether unreasonable and may be sanctioned.

3. The Amildar's urzi No 42, without date, and its accompaniments, including a rough sketch of the land, are herewith submitted for reference and obliging return when no longer required. — I have the honor to be,

Sir
Your most obedient servant
Abdul Rahman.

lands acquired for the Company. These buildings were valued at Rs 846-8-5 in 1889 by the then Amildar with the assistance of a competent Punchayet. The cost of removing and reconstructing the same using the old materials was estimated at Rs 282-2-9 to which was added Rs 250/- to meet the cost of removing the timber and other articles from the old to the new premises, so that the amount payable to the owner on account of the buildings was Rs. 532-2-9 and adding to this the value of the lands, viz, Rs. 347-8-0, the total amount of compensation due to him came to Rs. 879-10-9.

3. The latter item of Rs 347-8-0 was offered to but not accepted by the owners as explained above, but no further action seems to have been taken in regard to the former, probably because he had erected the buildings on his Kandayem lands without the permission of Government and for purposes unconnected with agriculture.

His letter No. 4644/1433 dt the 31st May/95 in re, payment of compensation to Haji Ismail Sait of Bangalore for certain lands of his in the Bowringpet Taluk, taken up for station purposes and road diversion at Kolar Road Station Madras Railway.

With reference to the above, has the

honor to observe as fol-
-lows:-

In the statement rec^d with his letter no: 1347/418 dd the 24th September/88 and sand^d in Govt Prov^l camp no: 1807 dd the 22^d November/88, land no: 75 was shown to be the property of one Sinnarainaswamy who was to get another land in exchange besides being paid Rs 1-4-0 on account of a tree. That being so, it is not clear why that land is now stated to be Haji Ismail Saib's property -

2. In the statement above referred to, the compensation recommended in respect of lands no: 77, 76, & 67, was Rs 520/- for a building and Rs 177/- for the lands. The amount now claimed

is Rs 347/8/- for the lands and Rs 532/2/9 for the building. When, by whom and on what data these sums were fixed, require to be explained as also the authority on which Rs 347/8/- was drawn in advance and subsequently recredited.

3. The record ~~containing~~ the valuation made by the Panchayets, ~~for the building~~, should be submitted.

4. It should also be reported what action was taken against Haji Ismail Saib for having erected buildings on Kandayan lands without the permis[redacted] of Govt and for [redacted] -poses uncon[redacted]

with Agriculture.

5. As the matter has been pending for such a long period as 5 years, a very early reply is requested.
